

VERMONT NATURAL COATINGS POLYWHEY® GETS GREEN LIGHT  
AT ONE OF EAST'S LEADING PAINT & BUILDING SUPPLY DISTRIBUTORS

HARDWICK, VT—Vermont Natural Coatings' groundbreaking PolyWhey® wood finishes are now available through one of the East Coast's leading distributors of hardware, paint and building materials. The decision by Emery-Waterhouse to carry Vermont Natural Coatings' line of wood finishes is a major step forward in the Vermont company's exposure to consumers throughout the country.

“Our goal is to provide the highest quality professional and environmentally sound products to our dealers,” said Emery-Waterhouse President and CEO Stephan Frawley. “The durable, safe and easy to use Vermont Natural Coatings PolyWhey® products fill the bill on all counts and are an ideal profit center for our dealers.”

Emery-Waterhouse has more than 1,100 paint, hardware and building supply customers throughout New England, New York, Pennsylvania, New Jersey, Ohio, West Virginia and Delaware. The company will distribute Vermont Natural Coatings PolyWhey® interior and exterior finishes and wood cleaners.

“Our success is the result of a great product and the relationships we develop and maintain with our customers and independent dealers,” said Vermont Natural Coatings Founder and President Andrew Meyer. “Partnering with Emery-Waterhouse strengthens our dealer network and enables us to establish new relationships that will bring new customers into the Vermont Natural Coatings family.”

Vermont Natural Coatings products utilize whey protein in a patented, award winning formula that displaces toxic components traditionally found in wood finish. The company's wood finishes are now available in 35 states.
